TECHNICAL DATA SHEET (1/1)

T - 4665 _ SIB

General description

The **SIB** are rubber vibration dampers (synthetic elastomer) used alone or in combination with suspension brackets.

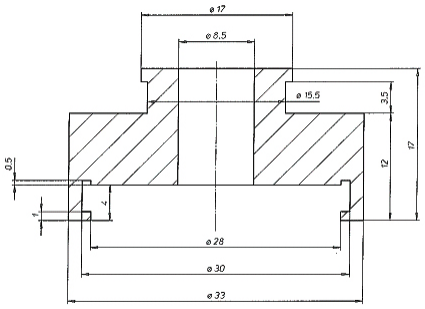

They absorb the vibration transmissions between airduct and support system.

The vibration dampers are delivered «ready to use» : the washer is pre-assembled and mounted in the rubber element.

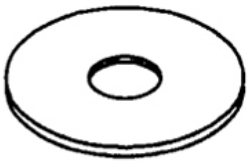

Technical specification : SILENTBLOCK

Material	Rubber (synthetic elastomer)
Hardness	55 Shore A
Color	Black
Height	17 mm
External diameter	33 mm

Technical specification : WASHERS

Material	Galvanized steel
External diameter	30 mm
