

General description

Perforated fabric band for suspending ventilation ducts, hoses or other.

It wraps around the duct and the perforations allow the final fastening with a hook or other fixing system.

Technical specification

Fabrics	- ROX - Polyester cloth / PVC
	- NEO - Fiberglass cloth / Neoprene: fire rated M1
Width	50 mm +/- 10%
Length of rolls	10 m +/- 5%
Perforations	Hole diameter 5 mm +/- 1 mm
Space between perforations	50 mm +/- 10%
