

General description

The **FSV** is an “acoustic” supply steel air valve allowing a low level of noise.

Thanks to their spring fixing clips they are easy to use for direct mounting into round ducts.

Technical description

- Low level of noise thanks to a foam gasket built in the adjustable inner core
- Supplied without mounting frame
- Flat finish
- Standard available colour : white RAL 9016
- Available diameters : 80 - 200 mm

Technical specification

	ØD (mm)	ØN (mm)	L (mm)
FSV 80	80	106	60
FSV 100	100	135	60
FSV 125	125	160	60
FSV 150	150	185	60
FSV 160	160	195	60
FSV 200	200	238	63

Tolerance : +/- 3 mm
