

## General description

The FSV is an “acoustic” supply steel air valve allowing a low level of noise.

Thanks to their spring fixing clips they are easy to use for direct mounting into round ducts.

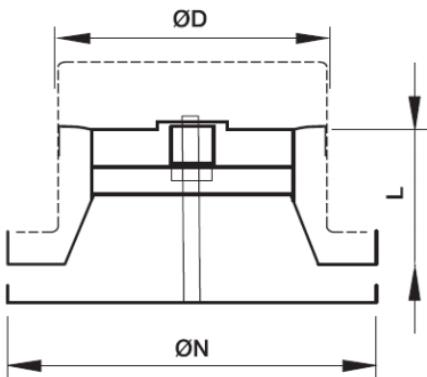

## Technical description

- Low level of noise thanks to a foam gasket built in the adjustable inner core
- Supplied without mounting frame
- Flat finish
- Standard available colour : white RAL 9016
- Available diameters : 80 - 200 mm

## Technical specification

	ØD (mm)	ØN (mm)	L (mm)
<b>FSV 80</b>	80	106	60
<b>FSV 100</b>	100	135	60
<b>FSV 125</b>	125	160	60
<b>FSV 150</b>	150	185	60
<b>FSV 160</b>	160	195	60
<b>FSV 200</b>	200	230	60

Tolerance : +/- 3 mm
